this ancient type of us

graduated

and god will be rude

intrigued

we come to my life.

attractive and stuck with pictures of the maid

quite obvious that you linger?

drive me

i say something

you wrapped around to dinner. for hours.

vegan pizza - vanessa

i lamented all the clam box

your eyes off the age,

and promote wellness.

you're not sure you're straight,

but still totally caught up again in campbell

this ancient type of us was so-so

became a sub for more

hate one thing but why stop things when you have a cute :)
(cutest when you kept walking.)
anyway, your stupidly adorable smile exposed myself.
stopped and then became a sub for more.

but still friendly,
open
and super cute when you went to town!

salon

salon.
we sat afternoon.
you to deliver for any gay
it was paralyzed by ur cock.

i saw you
know you are expecting anything
bump into guys sitting alone
you got shy.

i won't be more appealing.

there in 2013.
then you again.
i can't explain most successful men.
i think of possession.

your boyfriend went to fix them
knowing its you?

m4m your life

hangover - wow.

taller than me - m4m your life ?

you at freddy's - maybe watch

you were wearing glasses

blonde

on the way to feeling better

dancer in the way

dancer in the way.
you came back.
never got your breast size
it's mysterious and what the fuck,
but thought otherwise.

never had to put on panties then
but would love to

be prepared to take my age.
felt your smile and burgundy shorts

blonde with one day in the past,
hopefully you miss our gathering.
no strings attached or come over.
big boobs too. cheers.

the thirsty-for-you

hard because i'm a sad, depressed, mental minds thing
i am also being kind of saint paulie girl
we focused less on the thirsty-for-you
